

Oxfordshire Association for the Blind

Building a better future – help us move from a cramped portakabin in a car park to a brand new building

“Like all parents we worry about our child’s future. We want to know that her visual impairment won’t restrict her future prospects, or her enjoyment of life.”

*Yvonne and Sean,
Klara’s Mummy and Daddy*

Future Vision Appeal

We need your help to raise the final £250,000!

Space for local visually impaired people to meet socially – many are otherwise unable to leave their home alone

Desperately needed visual impairment awareness courses for local businesses

A face to face counselling service for local visually impaired people

New courses in daily living skills, computing, cooking, and kitchen skills for visually impaired people

Space and facilities to support children who are visually impaired

What needs to be done?

The project will cost £600,000 and we need to raise just £250,000 more to be able to make it happen. We are hopeful that our local community will be able to dig deep, work together, and help us to build this fantastic facility which will help so many people for so many years to come.

Your support will help to build a better local community where visually impaired people will be able to play a more active and involved role.
