Charitable Trusts

We work closely with the local authority and renowned [Oxford Eye Hospital](#) to ensure all our services supplement the statutory provision that is available. Not only is the prevalence of sight loss increasing, especially amongst the elderly, but these people are at great risk of becoming isolated and unable to keep up with new equipment and technology. Our [Campoli Centre](#) was developed as a direct result of what visually impaired people, and their representative groups, have asked us for.

There are opportunities for charitable trusts to donate towards our core costs, capital equipment, and specific projects such as our volunteer home visiting scheme, children's services, courses in technology for visually impaired people and kitchen skills.

Trusts that have recently donated towards our work include The Magdalen College Trust, Shanly Foundation, PF Charitable Trust and the Garfield Weston Foundation.
